

Title, first name and surname:

Professor Sezcan Mumusoglu, M.D.

Current Affiliation(s), city and country:

SM Clinic, Ankara, Turkey

Brief Biography:

Sezcan Mumusoglu, MD, Professor, is a specialist in Obstetrics and Gynecology with clinical and academic expertise in Reproductive Endocrinology and Infertility (REI). He served in the Department of Obstetrics and Gynecology at Hacettepe University in Ankara, Turkey, from 2014 to 2024, where he also completed both his residency and REI fellowship.

In May 2016, he completed the *Introduction to Clinical Research Training (ICRT)* program at Harvard Medical School. From 2018 to 2019, he was a Visiting Scholar at the Stanford University School of Medicine in the USA. He currently practices at SM Clinic in Ankara, Turkey.

His research interests span all aspects of clinical IVF, including ovarian reserve, folliculogenesis, ovarian stimulation, and individualized luteal phase support, as well as endometriosis, polycystic ovary syndrome (PCOS), and premature ovarian insufficiency (POI). Professor Mumusoglu has authored over 70 peer-reviewed scientific articles published in high-impact journals. He served as Director of the REI Clinic at Hacettepe University from 2021 to 2024 and is currently a board member of the Turkish Society of Reproductive Medicine (TSRM).

From 2020 to 2024, he served as an Associate Editor for *Human Reproduction*. He is currently an Associate Editor for *Human Reproduction Open* and continues to review for leading journals, including *Human Reproduction*, *Fertility and Sterility*, and *Reproductive BioMedicine Online*.
