

22nd Annual National Conference of the Indian Fertility Society

Theme:
Progress with Precision

FERTIVISION 2026

 **18th - 20th** *December 2026*

 **BISWA BANGLA MELA PRANGAN
(MILAN MELA) KOLKATA | INDIA**

Dr. (Prof) Neena Malhotra
President, IFS
Organizing Chair

Dr. Sweta Gupta
Secretary General, IFS
Organizing Secretary

Dr. Surveen Ghumman
President Elect, IFS
Scientific Committee Chair

Dr. S.M Rahman
West Bengal Chapter Secretary, IFS
Organizing Chair (LOC)

Scientific
Program

**Secretariat
Address**

302, 3rd Floor, Kailash Building 26, Kasturba Gandhi Marg C.P. New Delhi - 110001
Phone: +91 1140018184 Mobile: +91 8505923904 +91 9136789307

Saturday, 19 December 2026

CONFERENCE PROGRAM GRID							
Time	Subhas Mukherjee Hall	BN Chakraborty Hall	Robert Edwards Hall	Patrick Steptoe Hall	TC Anand Kumar Hall	Jean Purdy Hall	Howard Jones Hall
8:00-9:00 AM	Oral Presentations	Oral Presentations	Oral presentations	Final Quiz	Oral Presentations	Oral Presentations	Oral Presentations
9:00-10:00 AM	The Art & Science of Ovarian Stimulation	Poor Ovarian Response: Rethinking Prognosis, Refining Treatment	New Frontiers in Fertility Preservation	Optimizing the Lab, the Gametes and the Embryo	Decoding the male factor	From Folliculogenesis to Embryo competence	Beyond PCOS: Endocrinopathies in infertility
	Personalising Ovarian Stimulation in 2026: What Should We Change?	After a Failed Cycle: Optimising the Next Stimulation	Beyond Cancer: Expanding Horizons in Fertility Preservation	IVF Laboratory 2040: A Day Inside the Autonomous Embryology Lab	Semen Analysis Through the Years: Changing Standards and Clinical Perspectives	Folliculogenesis: New Insights To Understand The Tracks	Autoimmunity and Ovarian Failure: When Should We Look Beyond the Ovary?
	Precision Ovarian Stimulation: Can AI Optimise Success and Cost	Add-ons for Ovarian Stimulation in IVF: Evidence, Cost-effectiveness, and Ethics	Fertility Preservation in POI, Turner's Syndrome and Gonadal Dysgenesis	Learning from Failed IVF Cycles: Rethinking Laboratory Decisions to Improve Outcomes	Sperm DNA Under Scrutiny: The Who, When, and How of DFI	Synchronising the Follicular Cohort: Can We Engineer a Better Response?	Androgenic Excess Beyond PCOS: Recognising the Mimickers
	Pituitary Suppression: GnRH Antagonist vs PPOS	Poor Responder or Poor Prognosis? Personalising Stimulation Beyond AMH and AFC	The Artificial Ovary: Innovations in Fertility Preservation and Hormone Therapy	Total Fertilisation Failure: Prediction, Prevention and Rescue	Does the Paternal Clock Matter? Advanced Paternal Age and IVF Outcomes	The Oocyte Retrieval-to-Denudation Interval: Does It Influence Euploidy?	Restoring Ovulation Is Not Enough: Preparing the Hypogonadal Woman for Pregnancy
10:00-11:00 AM	Panel Discussion	Keynote address	Endometriosis & ART: Protecting Ovarian Reserve, Optimizing Outcomes	When Implantation Fails: Unravelling the Contributing Factors	ACE Session	Panel Discussion	Panel Discussion
	RIF Revisited: Evidence, Uncertainty & the Art of Individualisation	Fresh vs Frozen	Endometriosis and Fertility Preservation: Rationale, Reality, and ART Strategies	Implantation Failure: How Far Can the IVF Lab Be Responsible?	TBA	Fertility-Enhancing Surgery: Restoring Anatomy, Preserving Function	Dilemmas in Poor Responders: Personalising the Stimulation Strategy
		When 'IVF-Safe' isn't Safe: Toxicity, QC Gaps and Recalls	Surgery for Endometriosis: How Can We Minimise Ovarian Damage?	Immune Paradox in Implantation: Let's Get to the Roots			
			Does Endometriosis Affect Embryology Outcomes? From Data to Practice	A Matter of Dodgy Microbes: The Role of the Endometrial Microbiome in Infertility			

11:00-12:00 Noon	ASPIRE Session	Precision Across the IVF Cycle: From Stimulation to Luteal Support	Reproductive Surgery: Restoring Anatomy, Improving Fertility	Keynote Address	Panel Discussion	Drivers of Success	RIF Unravelled: From Uterus to Immunogenetics
	How to Improve the Clinical Outcomes of Round Spermatid Injection Into Oocytes: Correction of Epigenetic Abnormalities	Precision Ovarian Stimulation: Tailoring Treatment to the Patient and Ovarian Phenotype	Closing the Gap in Knowledge on When and How to Treat Cesarean Scar Defects	Reproductive Ageing and Human Fertility	When ART Meets the Law: Clinical Dilemmas, Legal Decisions	Every Oocyte Counts: Laboratory Strategies to Maximise IVF Success in Advanced Age	RIF: What Are We Still Missing in Clinical Practice?
	Functional Sperm Tests in Clinical Practice — Have They Improved Outcomes?	Should All Embryos Be Cultured to the Blastocyst Stage	Asherman’s Syndrome: Challenges and Advances in Uterine Restoration			Day 5, 6 or 7:Understanding the Drivers of Blastocyst Development	Pre-IVF Hysteroscopy: Who Really Needs It?
	Comparison of Perinatal Outcomes Between IVF and Piezo-ICSI: A Retrospective Cohort Study	Beyond Standard Luteal Support: Personalising Progesterone After Embryo Transfer	Adenomyosis and Infertility: Is There a Role for Surgery?	TBA		Is the Embryo Functioning Normally?	HLA-KIR in RIF: From Immunogenetics to Clinical Practice
12:00-12:30 PM	IFS President Oration						
12:30-1:00 PM	Oration						
1:00-2:00 PM	Lunch						
2:00-3:00 PM	PMOS Reimagined: From Metabolic Signals to IVF Outcomes	Precision in Male Infertility: From Endocrine Insights to Surgical Interventions	The Intelligent IVF Clinic: AI, Robotics and Embryo Selection	Navigating Genetics in ART: Screening, Selection and Counselling	MERCK Symposium	Choosing Wisely in ART: When to Try, When to Escalate	Decoding Embryo Competence
	Metabolic Network Between Oocyte and Granulosa Cells: Strings Untangled in PMOS.	Selecting the “Right” Sperm: Can Microfluidics Make a Difference?	AI in Reproductive Medicine	Non-Invasive Testing for Endometriosis: Promise, Evidence and Clinical Readiness	Weaving Development: Oocyte Competence and Embryo Development	IUI vs IVF: Where to draw the line?	Tracing the Origin of Aneuploidy in PGT: Clinical Insights and Applications
	Hyperhomocystinemia in PMOS: Mechanism and Management	Personalising Hormonal Therapy in Male Infertility: The APHRODITE Framework	Robotic ICSI: Hype, Hope or the Next Revolution?	Managing Embryos with Segmental Aneuploidy: Key Considerations for Patient Counseling	The Right Thread at the Right Time:Optimizing ART Outcomes for all patients	Declining AMH: How Should We Change Our Strategy?	Beyond Developmental Milestones: Understanding Expansion and Contraction Dynamics as Euploidy Markers
	Too Many Follicles, Too Little Response: The Hyporesponsive Hyperresponder	Varicocele Repair Before IVF/ICSI: Who Gains, Who Can Wait?	Can AI help in Ploidy estimation?	Genetic Polymorphisms and Ovarian Response: Towards Personalised Stimulation		Total Motile Sperm Count: Can It Guide the IUI-IVF Decision?	Embryo Arrest: Oocyte, Sperm, Culture System or Laboratory?

3:00-4:00 PM	Keynote Address	Panel Discussion	Building Tomorrow's Fertility Care: Perspectives from Industry and Practice	Keynote Address	Panel Discussion	Keynote Address	Panel Discussion
	Do Non-Cavity Distorting Intramural Fibroids Matter in IVF? Evidence and Practice.	Declining Sperm Counts—Can We Change the Trajectory? Clinical and Embryological Perspectives	1. India's Fertility Market: Expanding Access, Scaling Care and Sustaining Quality 2. IVF Market From Developed Society: What Can India Learn? 3. From Clinician to Entrepreneur: Does Clinical expertise Translate into Business Success?	Optimizing Clinical Outcomes in Frozen Embryo Transfer: The Role of GM-CSF	FET in Practice: Navigating Choices and Challenges	TBA	From Oocyte Yield to Healthy Singleton Birth: Rethinking Ovarian Stimulation
	HPhMG or rLH+rFSH: Are they identical twins or siblings?			Can AI and Real World Data Revolutionise Evidence Based Practice		Optimum O2 Environment for Human Embryos- Uterus vs Incubator	
4:00-5:00 PM	Debate	Debate	Vitrification: Refining Techniques, Exploring Biological Limits	Ethics, Law & Emerging Challenges in ART	From Embryo Development to Neonatal Health: Outcomes After ART	The Unpredictable IVF Cycle: Fine-tuning Care and Managing Risks	Debate
	Choosing the Best Protocol for FET Natural Cycle FET Vs Programmed FET	Mild vs Conventional Stimulation in POR: Does More Really Mean Better?	Pitfalls and Caveats to Improve Oocyte Vitrification	Parenthood Beyond Gender: Navigating Fertility Care for Transgender Individuals	Impact of Delayed Embryo Development on Neonatal & Pregnancy Outcomes	The Ubiquitous LH – What We Know Today	Fast Vitrification Methods - Promise or Hype?
	Intraovarian Rejuvenation Therapy: Hype or Hope	Progesterone-Primed Ovarian Stimulation: Ready for Routine IVF?	Vitrification: Have We Reached the Biological Limit?	Mosaic Embryos: Ethical & Medicolegal dilemmas	ART Pregnancies: Unique Risks, Smarter Surveillance	Empty Follicle Syndrome: Trigger Failure, Timing Error or Ovarian Biology?	Can Artificial Intelligence Replace the Embryologist's Eye?
	Testicular versus Ejaculated Sperm for ICSI in Men with High DFI: Which Is Better?	DuoStim vs BiStim- Which Works Better?	Counselling Before Oocyte Freezing: Setting Realistic Expectations	Cross-Border Fertility Care: Ethics, Regulation and the Challenges of Medical Tourism	Neonatal Outcomes After ICSI: Treatment Effect or Underlying Parental Risk?	OHSS in the Prevention Era: Why Does It Still Happen?	Microfluidics: Game Changer or Lab Glamour?
5:00-6:00 PM	GBM						

Sunday, 20 December 2026

Time	Subhas Mukherjee Hall	BN Chakraborty Hall	Robert Edwards Hall	Patrick Steptoe Hall	TC Anand Kumar Hall	Jean Purdy Hall	Howard Jones Hall
8:00-9:00 AM	Oral Presentations	Oral Presentations	Oral Presentations	Oral Presentations	Oral Presentations	Oral Presentations	Oral Presentations
9:00-10:00 AM	Adenomyosis: Linking Biology, Phenotype and Reproductive Outcomes	Precision and Personalisation in FET	ART Reimagined: New Drugs, New Triggers, New Delivery	Panel Discussion	Cryopreservation in Practice: Refining Techniques, Managing Challenges	The Biology of Fertilisation: From Ovarian Stimulation to Sperm–Oocyte Interaction	Unresolved Questions, Evolving Solutions in ART
	Not All Adenomyosis Is Equal: Linking Phenotype to Reproductive Prognosis	Endometriosis and the Implantation Window: Disrupted Signalling and Altered Receptivity	Luteal Phase Rescue After GnRH Agonist Trigger: When and How?	The IVF Add-On Prescription: Evidence, Expense and Expectations	Beyond the Tank: Cryostorage Governance, Risk Management and Lessons from Incidents	Unraveling the Egg Coat Architecture and How ZP2 Cleavage Ensures the Polyspermy Block	Sterile Chronic Endometritis in RIF: What Is the Way Forward?
	Embryo Transfer in Adenomyosis: Is There a Role for Pretreatment?	Engineering the Implantation Window: Personalising Progesterone Timing in FET	Oral GnRH Antagonists: The New Frontier in ART		Cryo Under Pressure: Managing Blastocysts from Expansion to Transfer	Molecular Players of Fertilization Revisited	Isolated Teratozoospermia: Does Morphology Change Management?
	Beyond Clinical Similarities: Multi-omics Insights into Adenomyosis and Endometriosis	Search for the Best Protocol to Prepare the Endometrium in FET Cycles Continues	Needle Free Injection Systems- A New Era in IVF		Marginal Gains in Vitrification - Is There Still Room for Improvement?	Does Ovarian Stimulation Influence Oocyte Competence and Fertilisation Potential?	When Every Sperm Counts: The Promise of Single-Sperm Cryopreservation
10:00-11:00 AM	Panel Discussion:	Keynote Address	Keynote Address	Restoring Reproductive Potential: Regeneration and Rejuvenation	ISAR session	Panel Discussion	Panel Discussion
	Embryo Selection at the Crossroads: Morphology, Genetics and AI	Low-cost IVF in Poor Resource Countries	Non-Invasive PGT: Are We Ready for Clinical Use?	Thin Endometrium Before FET: What Works and What Should We Stop Doing?	TBA	Fertility Preservation at the Crossroads: Timing, Techniques and Tough Decisions	Environmental Exposures and Reproductive Outcomes: Connecting the Dots
		Does Endometriosis Affect ART Outcomes	TBA	Ovarian Rejuvenation: Can We Reverse the Reproductive Clock?			
				Three-Parent IVF: Can Mitochondrial Donation Redefine Reproductive Medicine?			

BISWA BANGLA MELA PRANGAN KOLKATA | INDIA

Conference Secretariat

Indian Fertility Society

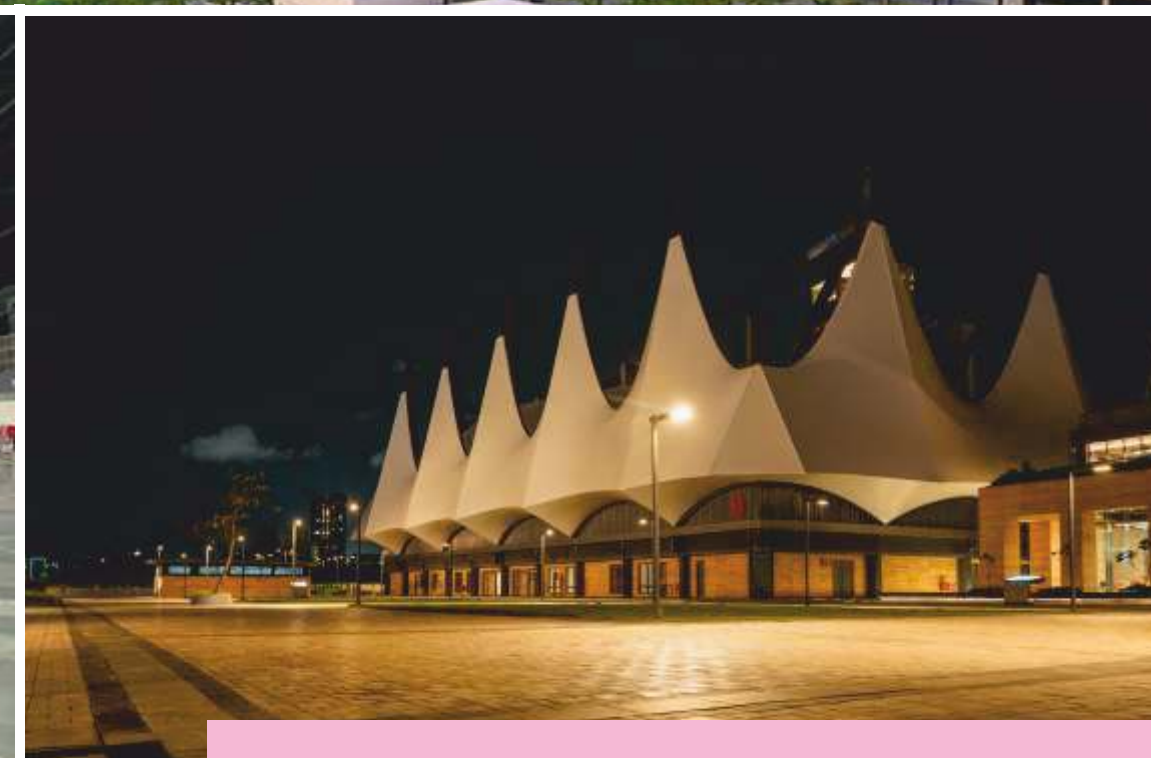

302, 3rd Floor,
Kailash Building, 26, Kasturba Gandhi
